15th Annual Care of the Older Adult Conference

Description: The goal of this activity is to promote innovative best practices in meeting the complex needs of older adults and their families. This activity will focus on patient safety initiatives and promote integration of evidence based care for those with memory loss.

Objectives: At the conclusion of this activity, the participant should be able to:

1. Improve management of the geriatric patient in regards to the updated evidence based practice presented
2. Implement two patient safety initiatives to enhance the care of the older adult across the health care continuum.
3. List seven steps to managing your patient's memory by distinguishing what is normal and abnormal.

Target Audience: Health Professionals including: Physicians, Advanced Practice Nurse, Nurse Practitioners, Physician Assistants, Nursing, Social Workers, Residents, Fellows, and Students.

Faculty/Speakers:

Andrew Budson, M.D.

Chief, Cognitive & Behavioral Neurology and Associate Chief of Staff for Education, VA Boston Healthcare System; Associate Director & Education Core Leader, Boston University Alzheimer's Disease Center

Ann Hendrich, Ph.D., RN

Senior Vice President, Chief Quality and Safety and Nursing Officer, Ascension Health

Robin Lombardo, CTRS, CDP

Music and Memory, Northeast Regional Director
