

The Department of Psychiatry Presents:
**Substance Use Disorder
Lecture Series 2017**

Lance Auditorium
1945 Route 33, Neptune, NJ

Sponsored by the

Christopher Center for Mental Health and Wellness

Objectives

At the conclusion of this lecture, attendees should be able to:

1. Describe risk factors, screening methods, prevention strategies and current trends in substance use disorders.
2. Discuss the DSM 5 diagnosis and clinical presentation of substance use disorders.
3. Identify substance treatment options including behavioral interventions and pharmacotherapy.

Target Audience

This CME activity is designed to assist physicians, psychiatrists, psychologists, nurses, social workers, substance abuse counselors and medical and behavioral health staff in becoming more familiar with new medical care information, including the latest guidelines and recommendations.

Registration

Advanced registration is recommended.
Please call Kellie Murawski at 732-776-4930 or email
kellie.murawski@hackensackmeridian.org.
